WHEN WE SAY *MADE TO FIT*,
WE MEAN IT.

With so many unique models available, Thor Motor Coach motorhomes are priced to fit anyone's budget – from families buying their first motorhome to full-timers looking for a roaming “dream home”. No matter how you choose to spend your time or your money, there's a TMC motorhome that fits your needs.

By building a variety of unique styles, sizes and floor plans, Thor Motor Coach offers motorhomes that feel custom-made – at a truly competitive price.

Welcome to the Palazzo, the motorhome that is *Made to Fit* your enthusiasm.

YOU DESERVE THE FINER THINGS IN LIFE

STUNNING BEAUTY & FUNCTIONALITY

BLACK CANYON FULL-BODY PAINT

BOARDWALK FULL-BODY PAINT

PARK AVENUE FULL-BODY PAINT

RIDGEWOOD FULL-BODY PAINT

A | FULL-BODY PAINT

A striking exterior graphics design provides a jaw-dropping experience. The paint process includes alternating layers of paint and clear coat to provide a silky exterior finish.

B | LARGE PASS-THROUGH STORAGE

Multiple compartments provide plenty of space to take everything along the trip. Most models have a larger pass-through compartment that even includes a sliding tray to increase capacity.

C | FRAMELESS WINDOWS

Sleek, automotive-style frameless windows look great with an added twist of functionality. The windows are hinged to open outward for ventilation, even in rainy weather.

D | POWER PATIO AWNING WITH INTEGRATED LED LIGHTING

Simple push button operation extends and retracts the awning with ease. The integrated LED strip lighting illuminates the camp area, allowing for nighttime use.

E | 3TRAX™ WALL SLIDE SYSTEM

An in-wall slideout system, housing all the moving and mechanical parts within the sidewall of the motorhome.

What sets 3TRAX™ apart is the patented rail system, in-floor roller guides and electric motor design. This triple track design supports large rooms, like those found in full-wall slideouts, ensuring simple, reliable, maintenance-free operation.

F | SIDE VISION CAMERAS

Side vision cameras, integrated into the exterior mirror housing, vastly increase the line of sight along the side of the coach, helping keep you safe on the road.

LAY THE GROUNDWORK FOR SAFE TRAVELS

A home needs a strong foundation and that is especially true for the home that rolls down the road. The custom engineered structure and Freightliner chassis under the Palazzo provide an excellent base to construct your new motorhome.

A | 55° WHEEL CUT

With 55-degrees of wheel cut, turning circles can be drastically reduced. The Palazzo can turn around in even the tightest of spaces.

B | FREIGHTLINER® & MOR/RYPDE® CHASSIS

We have partnered with Freightliner Custom Chassis and Mor/Ryde manufacturing to engineer the best foundation in the business. Freightliner's advanced chassis technology provides a safe and stable platform for maneuvering the coach down the road, while Mor/Ryde's steel structure ensures the perfect integration of chassis to the home.

C | DIESEL EXHAUST FLUID

Almost all truck stops offer diesel exhaust fluid (DEF) in bulk at the pump, but only on the driver's side of the island. The Palazzo is thoughtfully designed to include the DEF tank on the driver's side of the coach.

D | 10,000-LB. HITCH

The diesel engine has plenty of torque to pull the heaviest of towed vehicles. The hitch includes a 7-pin round connector.

BACKED BY CUMMINS ONAN® POWER

You don't have to settle for second best. That's why we chose Cummins®, the number-one choice for diesel power.

The Palazzo's Cummins Onan® ISB 6.7L diesel engine is mated to a 6-Speed Allison automatic transmission, providing immense horsepower and of torque. This combination delivers maximum performance, reliability and durability.

The 6,000-watt Cummins Onan® RV diesel generator provides all the power needed to make your motorhome self-contained. Run all the appliances, air conditioners, TVs and lights without ever plugging into an electrical outlet.

Taking the extra time to ensure the best possible structure is exactly what you deserve, and this is why Thor Motor Coach insists on vacuum-bond laminating not only the sidewalls of the motorhome, but also the floor and roof. Vacuum-bonding is the optimum manufacturing process to ensure multi-layer integrity.

ROOF

- A** One-piece exterior TPO membrane
- B** Luan panels
- C** Aluminum structure with bowed framing
- D** Block foam insulation
- E** Interior panel with soft touch vinyl covering

SIDEWALLS

- A** High-gloss or gel-coat fiberglass
- B** Luan panels
- C** Aluminum structure with framing at all openings
- D** Block foam insulation
- E** Interior panel with designer wall covering

FLOOR

- A** Residential vinyl flooring or carpet
- B** OSB structure wood base
- C** Structural steel framing
- D** Block foam insulation
- E** Luan with woven plastic exterior finish

FLOOR PLANS

The Palazzo offers a wide variety of floor plans to suit your way of life. Families of all sizes will appreciate the numerous layouts available. Every inch of space, inside and out, is designed to make life on the road more livable. Organized kitchen workspaces, creative bathroom arrangements and bedroom dwellings make the most of space while remaining comfortable and functional. Every detail seems to say “welcome home”.
